Good morning!

The QEP(Quality Enhancement Plan) Topic Selection Committee will finalize their work this Friday, January 20 by choosing and recommending to the Cabinet a QEP topic for Trevecca to implement during the 5 years following the SACS visit in March 2013. They have done a magnificent job of getting broad-based input from multiple constituents and have studied the data to determine what topic would transform the student learning environment at Trevecca. Suzie Harris has given *outstanding* leadership to this committee!

The baton will then be passed to the QEP Development Committee that will develop the topic for implementation and will write a report to be submitted to SACS in December 2012. Lena Welch has agreed to give leadership to this endeavor, and she and I have assembled a list of committee participants who we believe will be the team that will collaborate and get us to the finish line in December. Congratulations! You are part of that winning team! We believe in you!

You will soon be hearing from Lena as she will work quickly to schedule meetings and implement phase two of the QEP process. We will have to work diligently and quickly to accomplish all that needs done to get the report to SACS a little less than a year from now.

I appreciate you and the exceptional leadership you provide in your service to Trevecca and to the Kingdom work we have been called to do. I will do all I can to support you as you serve on the QEP Development Committee.
